

A Trip to the Friendly Witch's Shop

Perico goes to **the friendly Witch's Shop**.

Perico looks **in his pocket**. He has **30 pounds** there. That is a lot of money!

He needs **three things**: **a big good luck charm**, because he has an **important exam** tomorrow and he needs good luck; **a bag of rainbow seeds**, because he has **a girlfriend**, and he wants to give her beautiful **rainbow flowers**; and some **talking cookies**, because he is bored and hungry, and talking cookies are fun to eat!

Perico walks into the shop. The Friendly Witch smiles.

Witch: "Hello, Perico! How are you today? What do you want to buy?"

Perico: "Hello, Witch! I am fine, thank you. I need three things, please."

Witch: "Tell me your list."

Perico: "First, I need **one good luck charm**. How much is it?"

Witch: "The Good Luck Charm is **8 pounds**."

Perico: "Okay. Next, I need **one bag of rainbow seeds**. What is the price?"

Witch: "The Rainbow Seeds are **5 pounds**."

Perico: "Great! And last, I want **some talking cookies**."

Witch: "The talking cookies are very fresh! They cost **5 pounds**."

Perico: "Wow, that is a total of 8 plus 5 plus 5. That is **18 pounds**! Here is my **money**." (Perico gives her his 30 pounds).

Witch: "Thank you, Perico! Here is your **change**. You give me 30 pounds, and your things cost 18 pounds. **30 minus 18 is 12 pounds**. Here are your 12 pounds."

Perico: "Oh, thank you very much! Have a good day, Witch!"

Witch: "You too, Perico! Good luck with your exam!"

Perico smiles and leaves the shop with his new things. He is ready for his exam and his girlfriend!
