

## Edvard Munch

Edvard Munch is a \_\_\_\_\_ who was born in \_\_\_\_\_ in December 12, 1863. He had four brothers and sisters. He painted in a style called \_\_\_\_\_ and his paintings are often about \_\_\_\_\_. Munch's mom died when he was a child. When he was little, he was often sick. Many scientists think that he suffered from bipolar disorder.

Edvard Munch's, *The Scream* painted in 1893

He decided to become a painter at seventeen years old, like one of his sisters. His most famous work is \_\_\_\_\_, painted in 1893.

Munch's style has many \_\_\_\_\_ lines, and expressive colors. Some say that in *The Scream*, the man is not actually \_\_\_\_\_, but that he is in shock because he heard a loud and terrifying noise. The \_\_\_\_\_ lines represent this loud sound.
