

203

Angler fish

Draw an angler fish with sharp teeth. Add the lure, that glows to attract other fish, above an open mouth.

204

Jelly fish

Draw a blob for the body, then add lots of dangling tentacles.

205

Spikes

Draw a fish's body, then add spikes with a pencil. You could draw stripes, too.

206

Crab

Draw a crab's body and pincers with a chalk pastel. Then, use a pencil to add legs, and stalks for its eyes.

Deep-sea fish

Draw a deep-sea scene with chalks or chalk pastels on a piece of black paper.

199

Simple fish

1. Draw an oval with a chalk pastel or chalk. Then, run your finger along it to smudge it.

2. Draw two shapes for the tail. Then, use a pencil to draw a fin on either side of the body.

3. Paint a little white circle for the eye. When the paint is dry, draw a black dot in the middle of it.

200

Long eels

Draw a long wiggly shape for an eel's body. Smudge the end of the tail. Draw fins and teeth with a pencil.

201

Group of fish

Draw lots of identical fish swimming together.

202

Big teeth

Cut a little strip of cardboard and use it to print a row of sharp teeth.
