

**"In this diary, you will work to learn how to learn."**

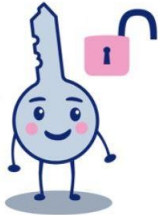

**Do you want to bring out the strategist within you?**

**Answer all the questions when your teacher instructs you to do so.**

**If you reach the end of the questionnaire, you'll earn your Mega-Strategist badge.**

**Step 1: I identify what I have to do.**

**When you start an activity, it's very important to discover...  
what they are asking us to do. That's why we need to  
carefully observe the activity and think about it beforehand.**

What are they asking me to do?

Continue with step 1 on the next page. You are progressing towards your Mega Strategist badge.

Step 1: I identify what I have to do.

**It's important that you remember a similar activity.  
and that you have successfully completed before.  
So we will know what we need to do to solve it.**

I think of a previous moment when I had to do something similar. I write down what I remember.

What did I do right?

"Could I apply it now?"

"Could I apply it now?"

"Could I apply it now?"

**My mega-activities**

I realise that I did similar activities in the past, how am I going to call them in the future to recognize them?"

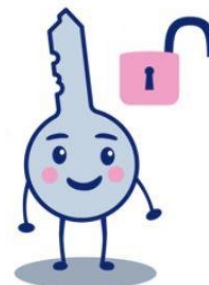

Bravo! You've successfully completed the first step towards earning your Mega Strategist badge.

## Step 2: Will I be able to do it?

Now I'm going to suggest that you think about the difficulty of the task you've been given. You're going to learn that when you have to solve any task, it's important to understand your difficulties and seek help

They just explained to me what the activity is about... I go back to the Challenge and try to solve it. What is the most difficult part for me to solve?

Continue with step 2 on the next page. You're progressing towards your Mega Strategist badge.

## Step 2: Will I be able to do it?

Of course! It's not all difficulties. You also have many skills.  
And when you start an activity, it's essential  
to remember them.  
I invite you to think about them.

What am I better at in order to solve this activity?

You're about to earn your Mega Strategist badge. Keep going, you only have two more steps to go!

## Step 3: I revise what I learn

Retor has challenged you to solve a challenge with the help of:

Your skills,  
Your classmates  
Your teachers,  
And what Retor has been teaching you.

To be a good strategist, it's essential that you can think about everything you've learned and the changes you can make to excel in the challenge.

revision

I reflect on everything I've had to do up to this part of the challenge:  
(mark what you think you've achieved)

- I have learned to work with my classmates to remember things we already knew and would need to solve the challenge.
- I have been able to relate the challenge's topic to things in my daily life.
- I contributed ideas to solve the initial challenge before receiving information to do so.
- After learning the information they provided, I realized the things I knew before and what I have newly discovered.

3. \_\_\_\_\_
4. \_\_\_\_\_
5. \_\_\_\_\_

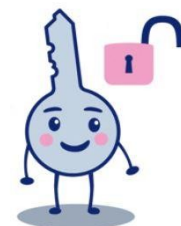

Congratulations. You're about to make it. You just need to complete the last step and an additional task.

## Step 4: What have I learned?

In this final step, I'm going to suggest that you think about what has been the most important thing you've learned from all of this. This way, you can use it for other challenges that come your way in the future. If you've made it this far, it's because you're a great strategist.

What is the most important thing I've learned?

Motivation

You have successfully completed the four steps. You are now a Mega Strategist. You only need to complete one more small task to earn the badge.

## "Learning Strategy Developed in the CHALLENGE"

Throughout this challenge, you've had to employ a learning strategy. Clavis has offered you help to learn how to apply it.

A good strategist must know the strategies, but they must also think about them to be able to use them in future challenges.

I suggest you answer these questions that only a Mega Strategist can answer."

What new strategy have I learned in this OER (Open educational resource)?

I explain in my own words what this learning strategy involves.

How has it helped me solve the activity...

Language
