**PLANTILLAS**

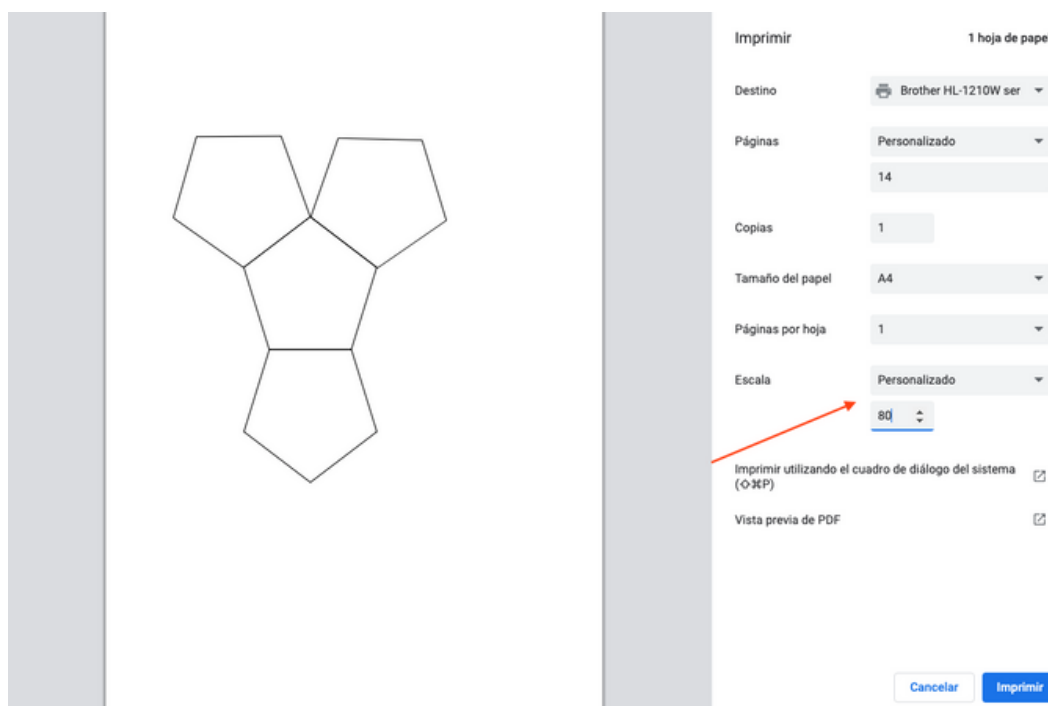

para

**LAPBOOK**

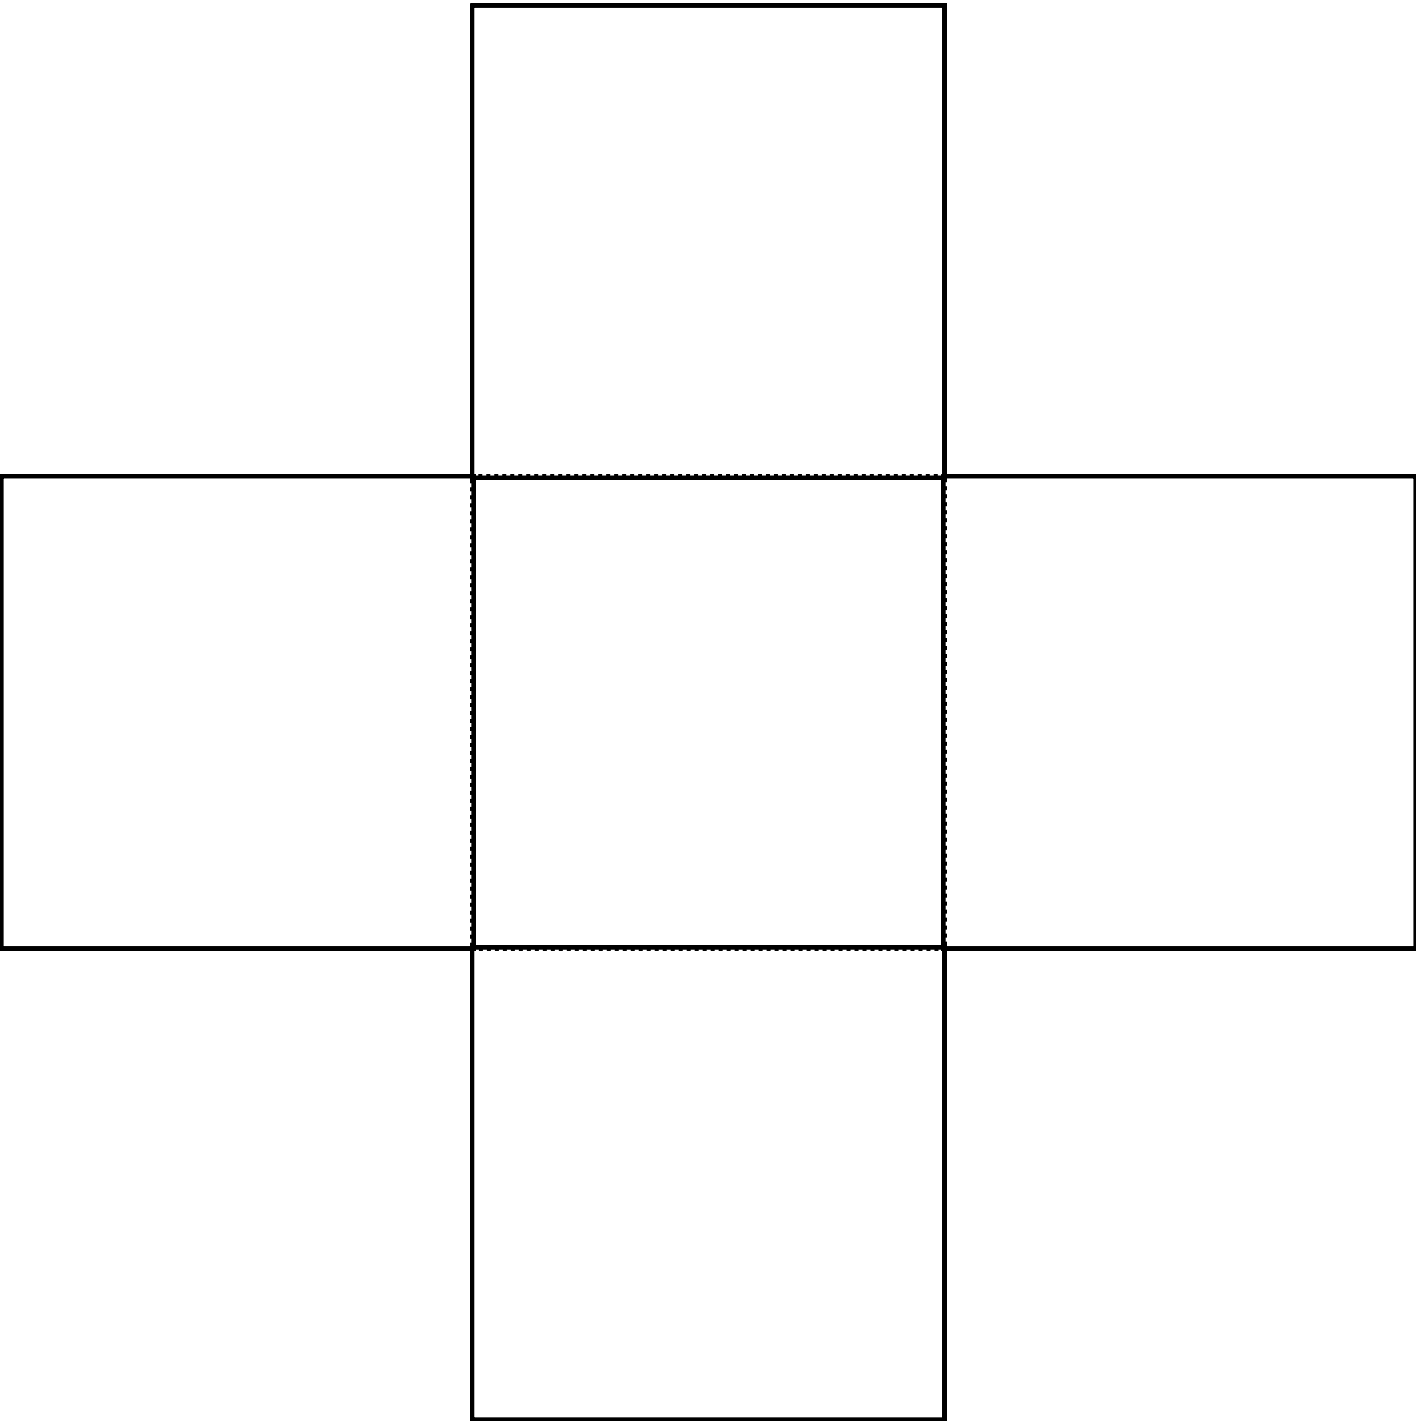

Espero que te guste y le saques partido al pack de más de 100 plantillas para diseñar lapbooks.

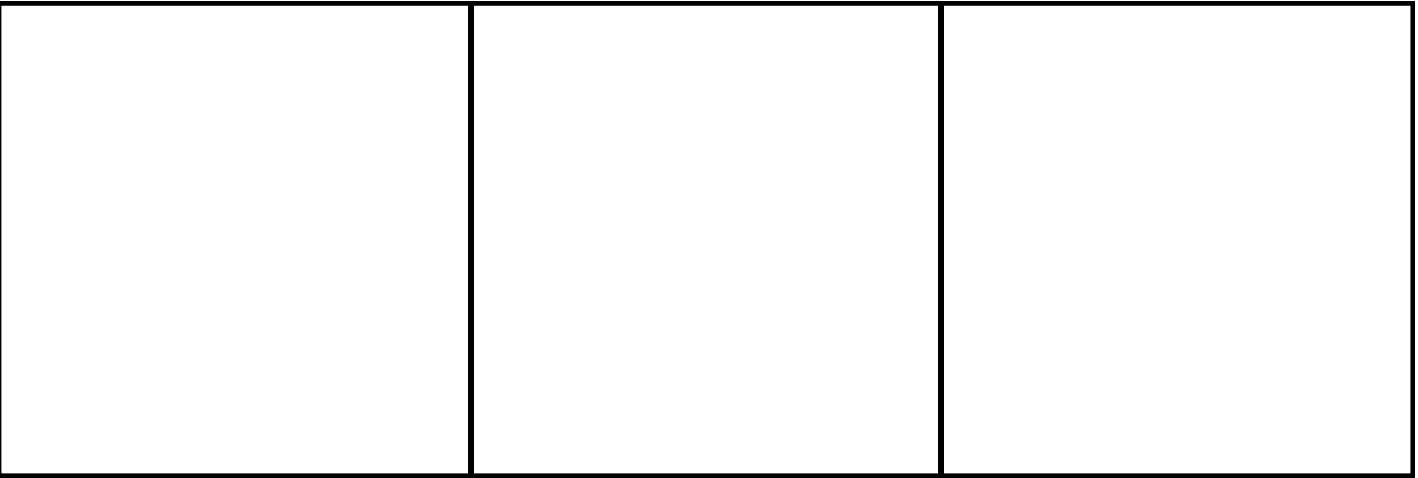

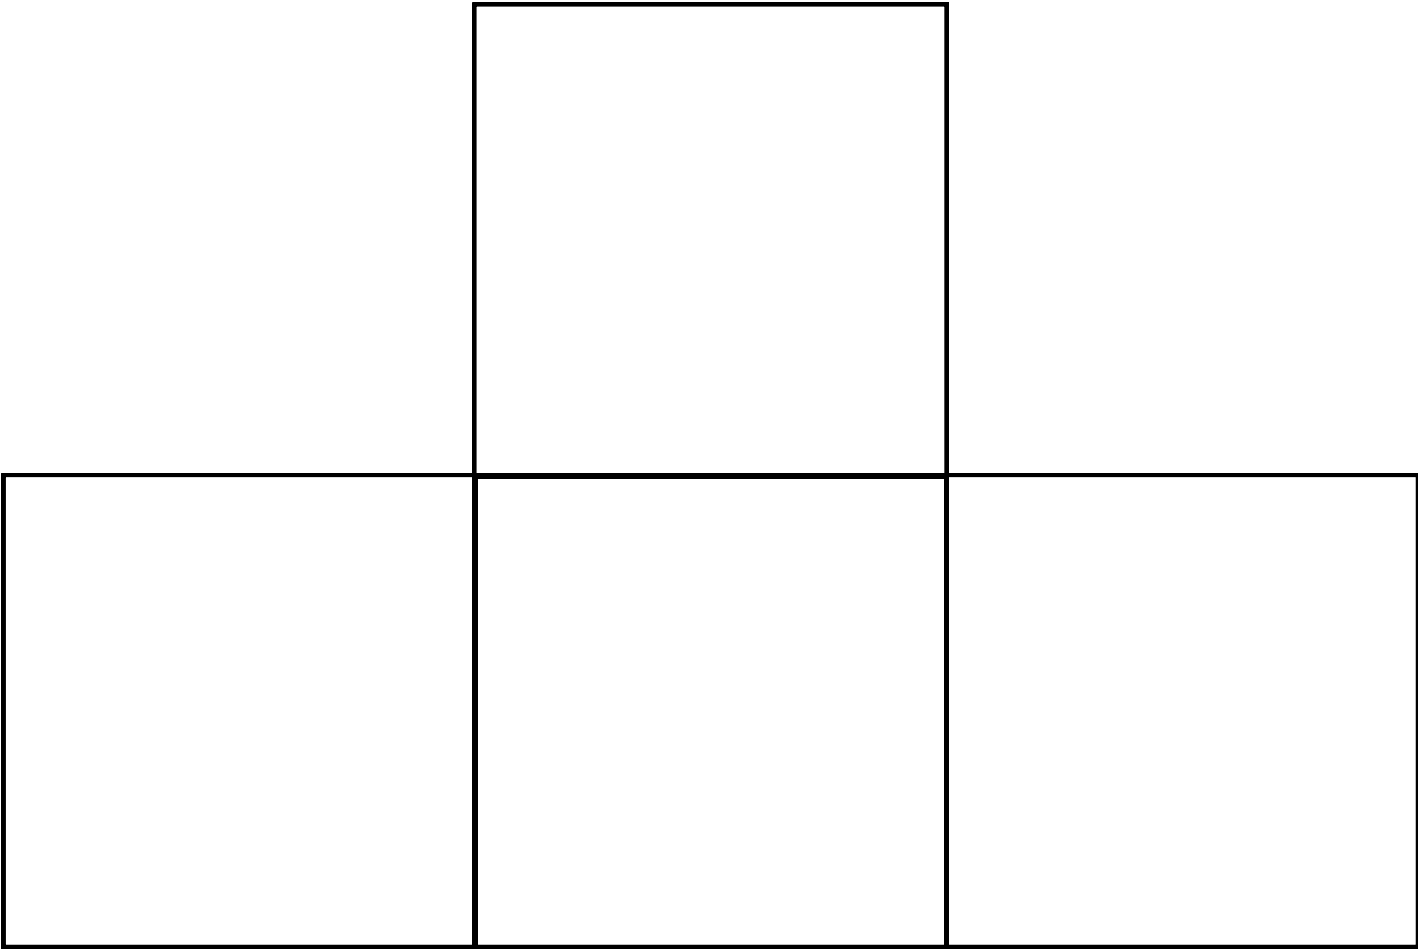

Las plantillas están diseñadas sin color de fondo, son transparentes. Por lo que puedes imprimirlas directamente en folios de colores o cartulinas. Además, muchas de las plantillas se repiten variando el número de formas y el tamaño. Si necesitas aumentar o disminuir el tamaño de una plantilla, puedes hacerlo en las opciones de la impresora.

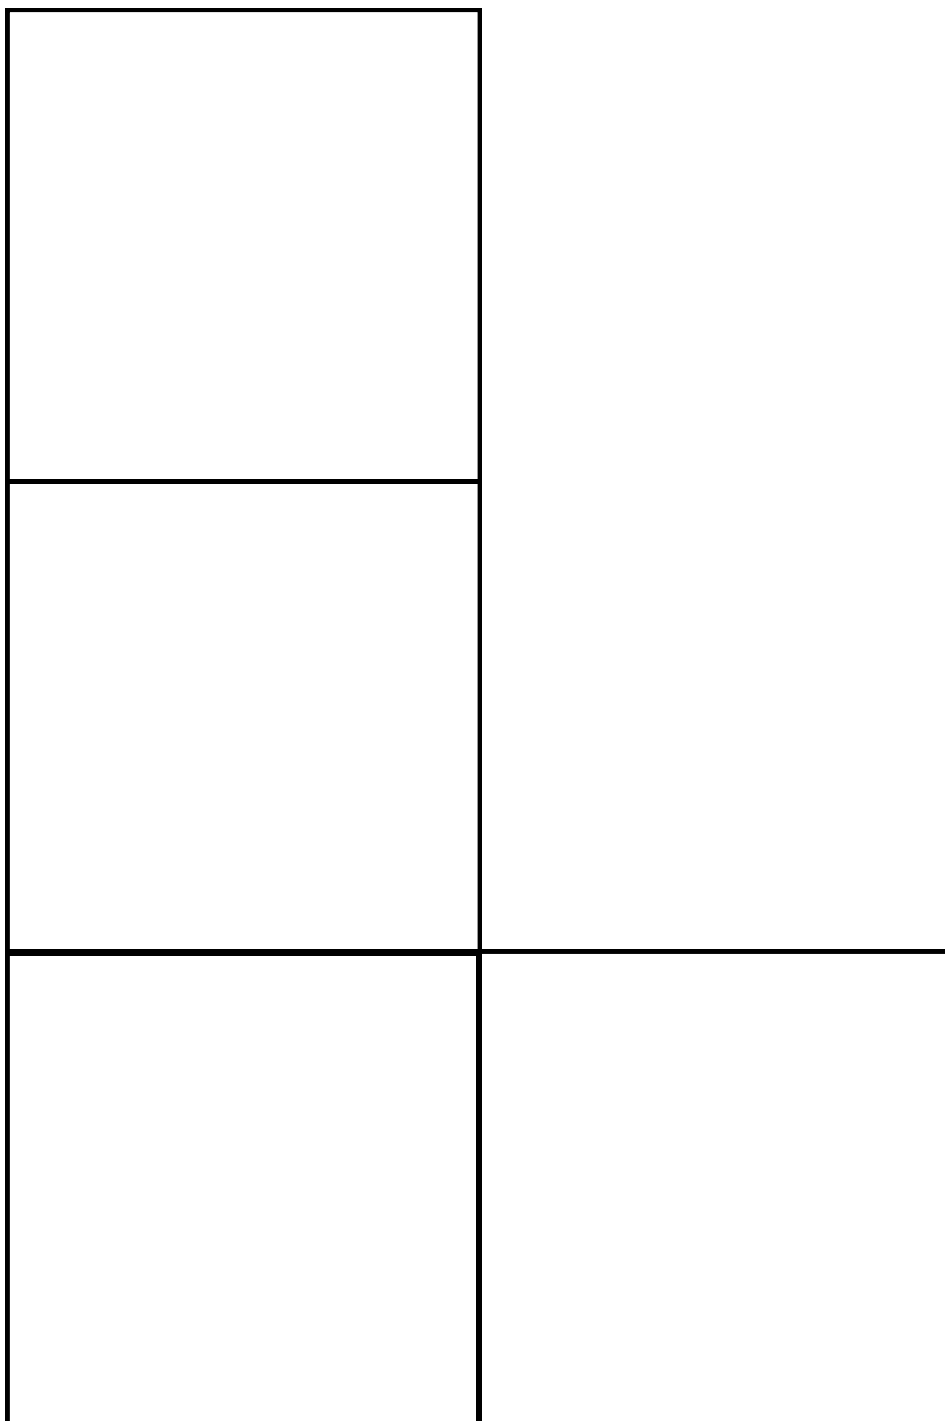

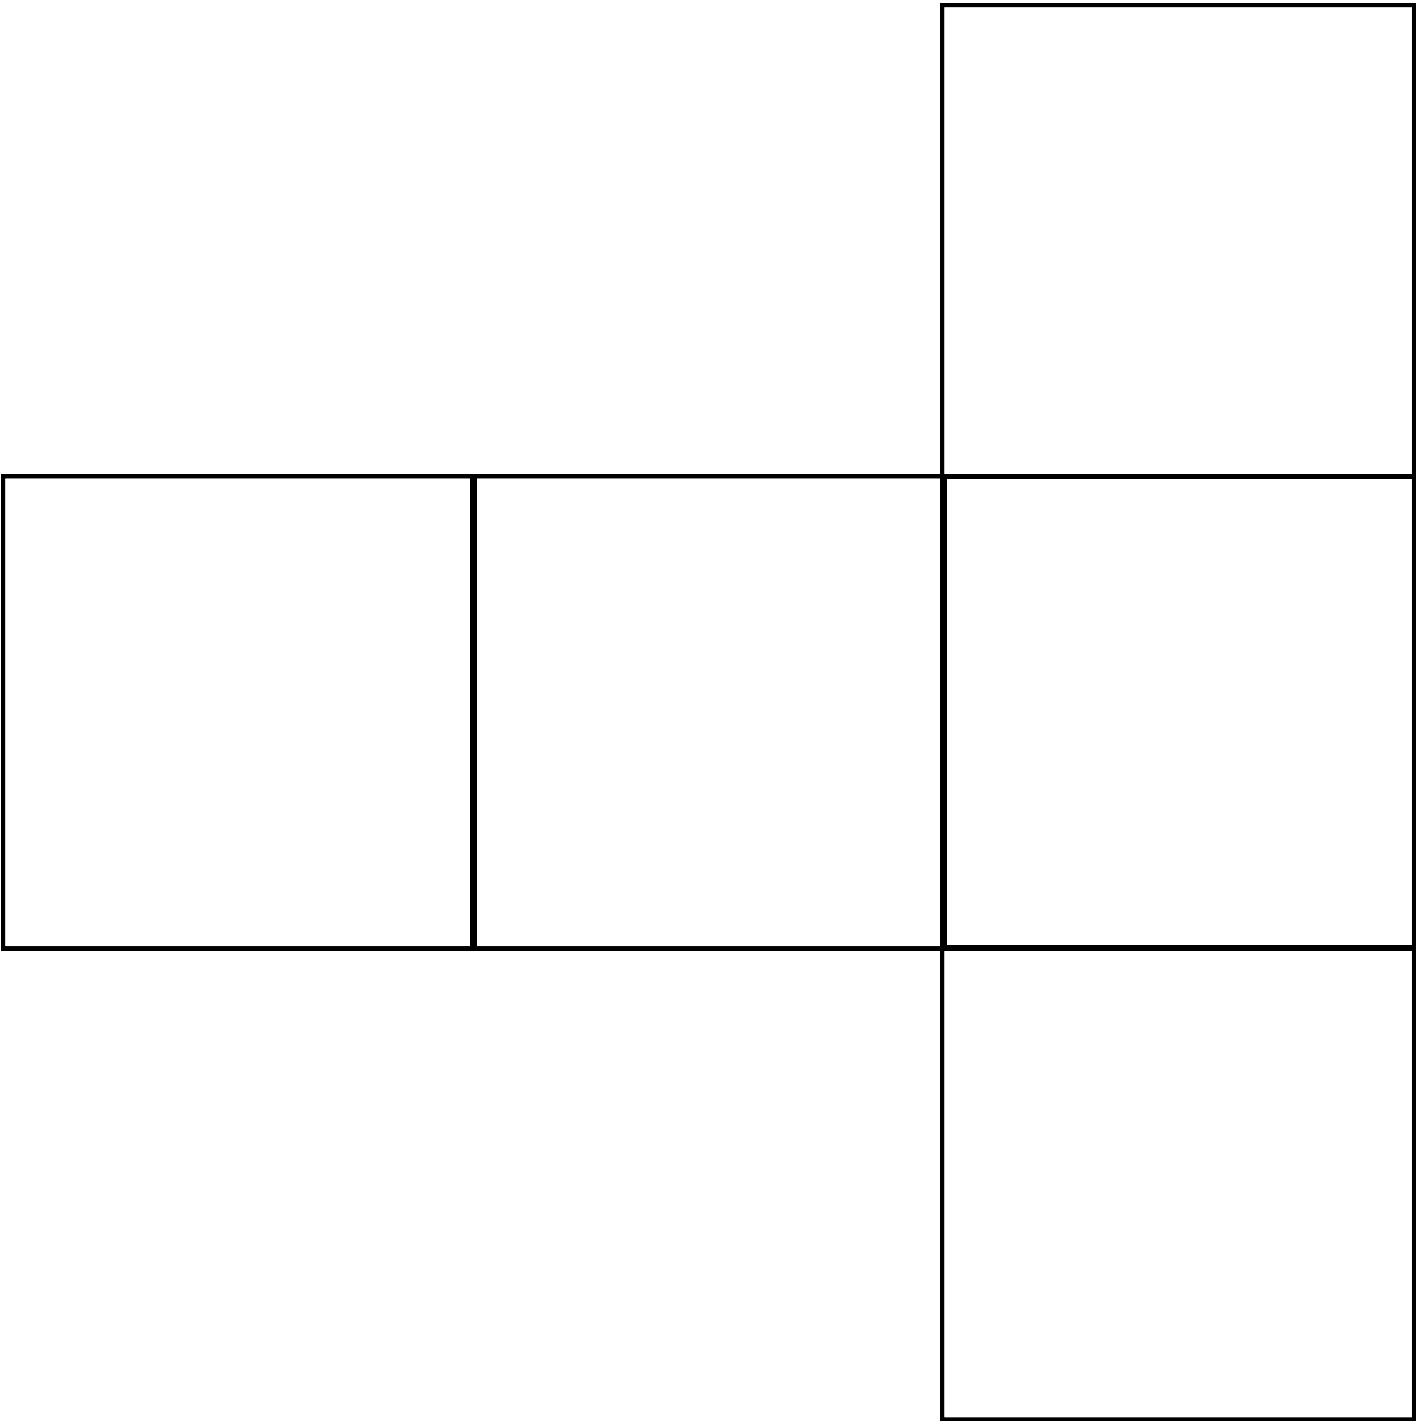

Espero que disfrutes de este pack gratuito, puedes seguirme en mis redes sociales. Si llevas a cabo actividades en el aula con este recurso, me gustaría saber cómo ha quedado ese lapbook, enviándome una foto a mi [instagram](#). 😊
