

# TREASURE HUNT

## Student A

You and your partner are racing other pairs of students to win a prize for being the first pair to reach the finish line. The winner will receive some treasure!

You can only tell each other the directions you have to take from one place to the next on the map. You cannot read each other's directions.

You must match the directions so that they go in order from *Start* to *10*. Write the building number you come to on the blank in each clue. As soon as you think you have matched the clues to the correct building, tell your teacher the order of your clues. If your clue order is correct, your team wins.

If the order is not correct, your teacher will just tell you how many clues are wrong. Then you will have to check your answers again.

- a. \_\_\_\_ Go up the road to the next street after you cross Brewery Lane. Turn left and it's the building on the first corner, across from the barber shop.
- b. \_\_\_\_ Turn right on Highbury and go under the railroad tracks. Turn left at the second corner. It's behind the bank.
- c. \_\_\_\_ Go straight ahead and turn right on Third Avenue. Walk up the street for four blocks. There's a French restaurant on the corner. Turn right and it's on the small street on your right. It's the first building.
- d. \_\_\_\_ Go back down the road past the bakery. When you come to the main road, turn left and go three blocks. It's across from the police station.
- e. \_\_\_\_ It's on the corner of Second and Highbury. Just go up this street to Second Avenue and turn right. You can't miss it.

## Student B

You and your partner are racing other pairs of students to win a prize for being the first pair to reach the finish line. The winner will receive some treasure!

You can only tell each other the directions you have to take from one place to the next on the map. You cannot read each other's directions.

You must match the directions so that they go in order from *Start* to *10*. Write the building number you come to on the blank in each clue. As soon as you think you have matched the clues to the correct building, tell your teacher the order of your clues. If your clue order is correct, your team wins.

If the order is not correct, your teacher will just tell you how many clues are wrong. Then you will have to check your answers again.

- f. \_\_\_\_ Go one block left and turn right. Go straight past the bowling alley. It's just after the railroad tracks on the left.
- g. \_\_\_\_ Go down the street until you come to the bank. I guess it's about two or three blocks. Turn right and go one block. Then make a left. It's on the left across from a music store.
- h. \_\_\_\_ Oh, that's easy to find. It's on the other side of the market. Just go down Second Avenue to the next main street and turn right. It's at the end of the block on your right.
- i. \_\_\_\_ Just cross the road and walk around behind the restaurant. The building's huge and it's right in front of you, but the entrance is in the middle. So turn right and go up Brewery to the first corner. The entrance is on the left.
- j. \_\_\_\_ Oh, it's right next to the subway station. Just go up the road and it's on your left on the second block.
