

## educational system

What is it like?

it's free  
there is integration  
good relationships between students and teachers (blurred lines)  
Galicia bilingual community  
Compulsory until 16  
Involved families in schools  
Many subjects  
private semi private and public  
school before school for children with working parents  
teachers aren't respected  
economical help with materials  
free transport for all children  
canteen not free

pros

free until 18  
compulsory until 16 years old  
teachers can keep training for free  
resources  
no pressure or checks  
more freedom in semi private schools

cons

different languages with in the country  
number of students  
need of teacher assistants  
bureaucracy  
change the law every other year  
oposiciones not clear on what they are asking for, the exam is obsolete  
not thought or not enough preparation to deal with special needs  
Need more respect in classrooms  
Nurses, psychologist
