

# BLOQUE HTML

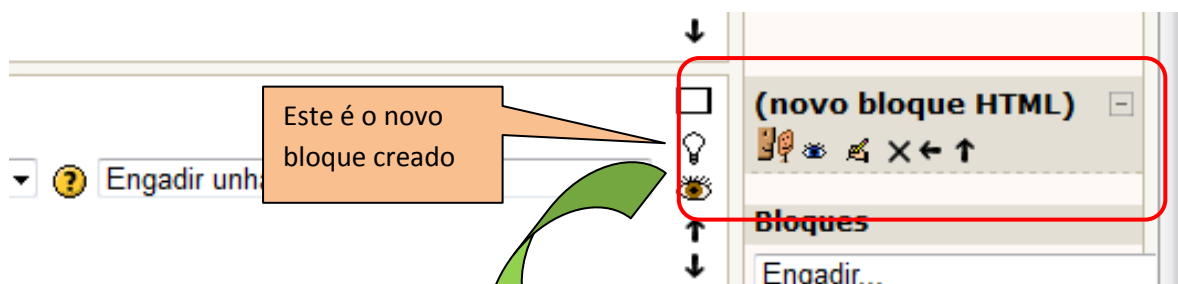

Cando creamos un curso en Moodle aparecerán unha serie de bloques laterais instalados por defecto, Existen outros bloques adicionais que podemos engadir se o desexamos, ademais podemos decidir a localización dos mesmos. Neste tutorial imos ver como se engade un bloque HTML e a súa utilidade.

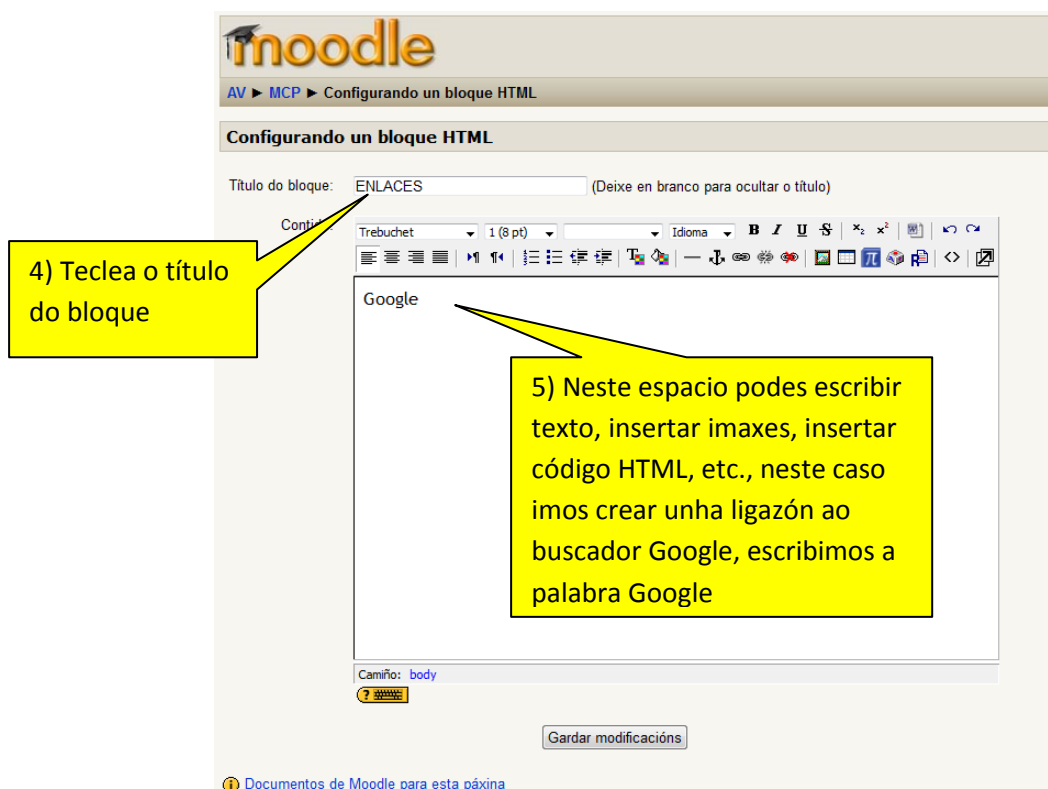

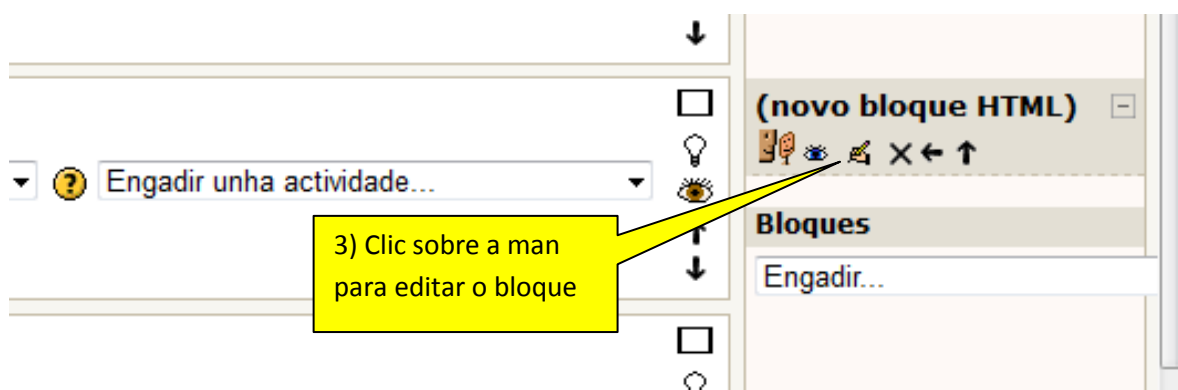

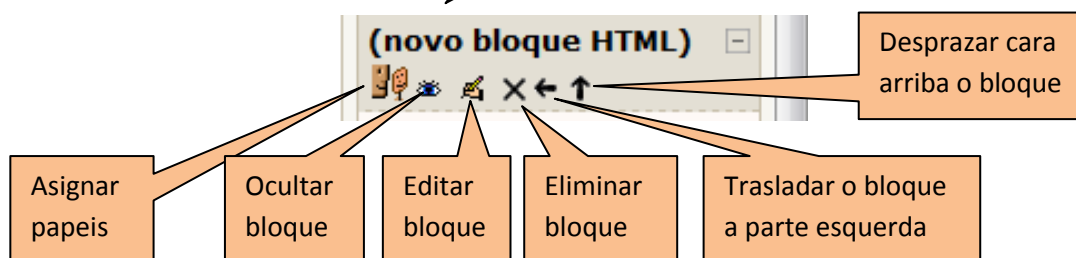

Para poder engadir ou editar bloques facemos clic en activar edición situado na esquina superior dereita

Significado dos iconos:

The screenshot shows the Moodle interface for configuring an HTML block. The title is 'ENLACES'. The content area contains the word 'Google'. A toolbar with various icons is visible. A yellow callout box with the number 6 points to the text 'Google'. A yellow callout box with the number 7 points to the 'Insert Link' icon in the toolbar. A yellow callout box with the number 8 points to the 'URL' field in the 'Insert Link' dialog box, which contains 'http://www.google.es'. A yellow callout box with the number 9 points to the 'Guardar modificaciones' button at the bottom.

6) Seleccionamos o texto para engadir a ligazón

7) Clic no símbolo de Ligazón

8) Introducimos a dirección <http://www.google.es>

9) Clic en "Guardar modificaciones"

The screenshot shows the Moodle course page. The 'ENLACES' block is visible in the right sidebar, containing the link 'Google'. A yellow callout box with the number 10 points to this block. A green arrow points from the 'ENLACES' block in the sidebar to the 'ENLACES' block in the main content area.

10) Aquí podes ver o resultado, o bloque ENLACES cun vínculo ao buscador Google
