-
-

Describe

Gastric juice

Without using the words:

--
--
--

Describe

Intestinal flora

Without using the words:

--
--
--

Describe

Insalivation

Without using the words:

--
--
--

Describe

Bile

Without using the words:

--
--
--

Describe

Peptic ulcer

Without using the words:

--
--
--

Describe

Intestinal villi

Without using the words:

--
--
--

Describe

Gastroenteritis

Without using the words:

--
--
--

Describe

Caries

Without using the words:

--
--
--

Describe

Vermiform appendix

Without using the words:

--
--
--

Describe

Salivary glands

Without using the words:

-
-
-

Describe

Liver

Without using the words:

--
--
--

Describe

Pancreas

Without using the words:

--
--
--

Describe

Large intestine

Without using the words:

--
--
--

Describe

Small intestine

Without using the words:

--
--
--

Describe

Stomach

Without using the words:

--
--
--

Describe

Gall bladder

Without using the words:

--
--
--

Describe

Peristaltic movements

Without using the words:

--
--
--

Describe

Bolus

Without using the words:

--
--
--

Describe

Mastication

Without using the words:

--
--
--

Describe

Eating

Without using the words:

- Food
- Ingestion
- Nutrient

Describe

Nutrition

Without using the words:

- Nutrient
- Food
- Matter and energy

Describe

Food allergy

Without using the words:

- Allergens
- Food
- Immune system

Describe

Food intolerance

Without using the words:

- Digest
- Food
- Lactose

Describe

Malnutrition

Without using the words:

- Undernutrition
- Obesity
- Excess weight

Describe

Basal metabolism

Without using the words:

- Amount
- Minimum
- Energy

Describe

Diet

Without using the words:

- Quantity
- Type
- Food

Describe

Anorexia

Without using the words:

- Disorder
- Fat
- Underweight

Describe

Bulimia

Without using the words:

- Disorder
- Vomit
- Food

Describe

Food label

Without using the words:

- Information
- Product
- Food

Describe

Nutrients

Without using the words:

- Nutrition
- Food
- Inorganic and organic

Describe

Water

Without using the words:

- Nutrient
- Drink
- Human body

Describe

Lipids

Without using the words:

- Fats
- Oil
- Nutrient

Describe

Vitamins

Without using the words:

- Nutrient
- Diet
- Food

Describe

Proteins

Without using the words:

- Amino acids
- 20
- Muscle

Describe

Carbohydrates

Without using the words:

- Energy
- Sugar
- Glucose

Describe

Mineral salts

Without using the words:

- Bones
- Teeth
- Food

Describe

Healthy diet

Without using the words:

- Food
- Basic needs
- Diseases

Describe

Balanced diet

Without using the words:

- Consume
- Calories
- Burn

Describe

Calory

Without using the words:

- Energy
- Measurement
- Unit

Describe

Digestion

Without using the words:

-
-
-

Describe

Accessory glands

Without using the words:

--
--
--

Describe

Digestive track

Without using the words:

--
--
--

Describe

Absorption

Without using the words:

--
--
--

Describe

Chyme

Without using the words:

--
--
--

Describe

Faeces

Without using the words:

--
--
--

Describe

Defecation

Without using the words:

--
--
--

Describe

Constipation

Without using the words:

--
--
--

Describe

Deglutition

Without using the words:

--
--
--

Describe

Chyle

Without using the words:

--
--
--
