A template for creating an Instagram post. It features a camera icon in the top left, the word "Instagram" in the top center, and a paper plane icon in the top right. Below the header is a circular profile picture placeholder followed by a dotted line for the username and a three-dot menu icon. The main body is a large empty rectangle for the post content. At the bottom, there are icons for a heart (likes), a speech bubble (comments), a paper plane (share), and a bookmark (save).
