Sesión 3

Crear material auditivo con IA

- Revisión sesión anterior
- Creación de script
- Voiceovers: Elevenlabs, Natural readers, TTSM3.COM
- Audacity
- Audio to text

Preguntas sobre a sesión anterior?

- Usastes padlet como fixemos na última sesión? Algunha idea máis de como usalo?
- Probastes a crear algunha historia máis? Con storybook e Canva?
- Tedes xa algunha xema creada?
- Probastes a crear material con NotebookLM?
- Sabedes que xa se poden editar as presentacións en NotebookLM nas contas pro?
- Probastes a crear algunha app con Canva?

In the ancient land of Eldoria, where skies shimmered and forests, whispered secrets to the wind, lived a dragon named Zephyros. [sarcastically] Not the "burn it all down" kind... [giggles] but he was gentle, wise, with eyes like old stars. [whispers] Even the birds fell silent when he passed.

Podemos crear voces personalizadas

- **Velocidade:** por defecto está en 1.0. Podemos subila, pero a recomendación é deixala en 1 ou 1.03
- **Estabilidade:** Canto máis á esquerda, máis emocional es. Recomendase en 50 ou 60.
- **Similaridade** como está (60)
- Ampliar a **esaxeración** (20) Pero aquí hai que escoitar as versións e escoller a que máis guste.

Voice-related

These tags control vocal delivery and emotional expression:

- [laughs], [laughs harder], [starts laughing], [wheezing]
- [whispers]
- [sighs], [exhales]
- [sarcastic], [curious], [excited], [crying], [snorts], [mischievously]

Example

[whispers] I never knew it could be this way, but I'm glad we're here.

Sound effects

Add environmental sounds and effects:

- [gunshot], [applause], [clapping], [explosion]
- [swallows], [gulps]

Example

[applause] Thank you all for coming tonight! [gunshot] What was that?

Punctuation

Punctuation significantly affects delivery in v3:

- Ellipses (...) add pauses and weight
- Capitalization increases emphasis
- Standard punctuation provides natural speech rhythm

Example

"It was a VERY long day [sigh] _ nobody listens anymore."
