

# Public Healthcare Systems

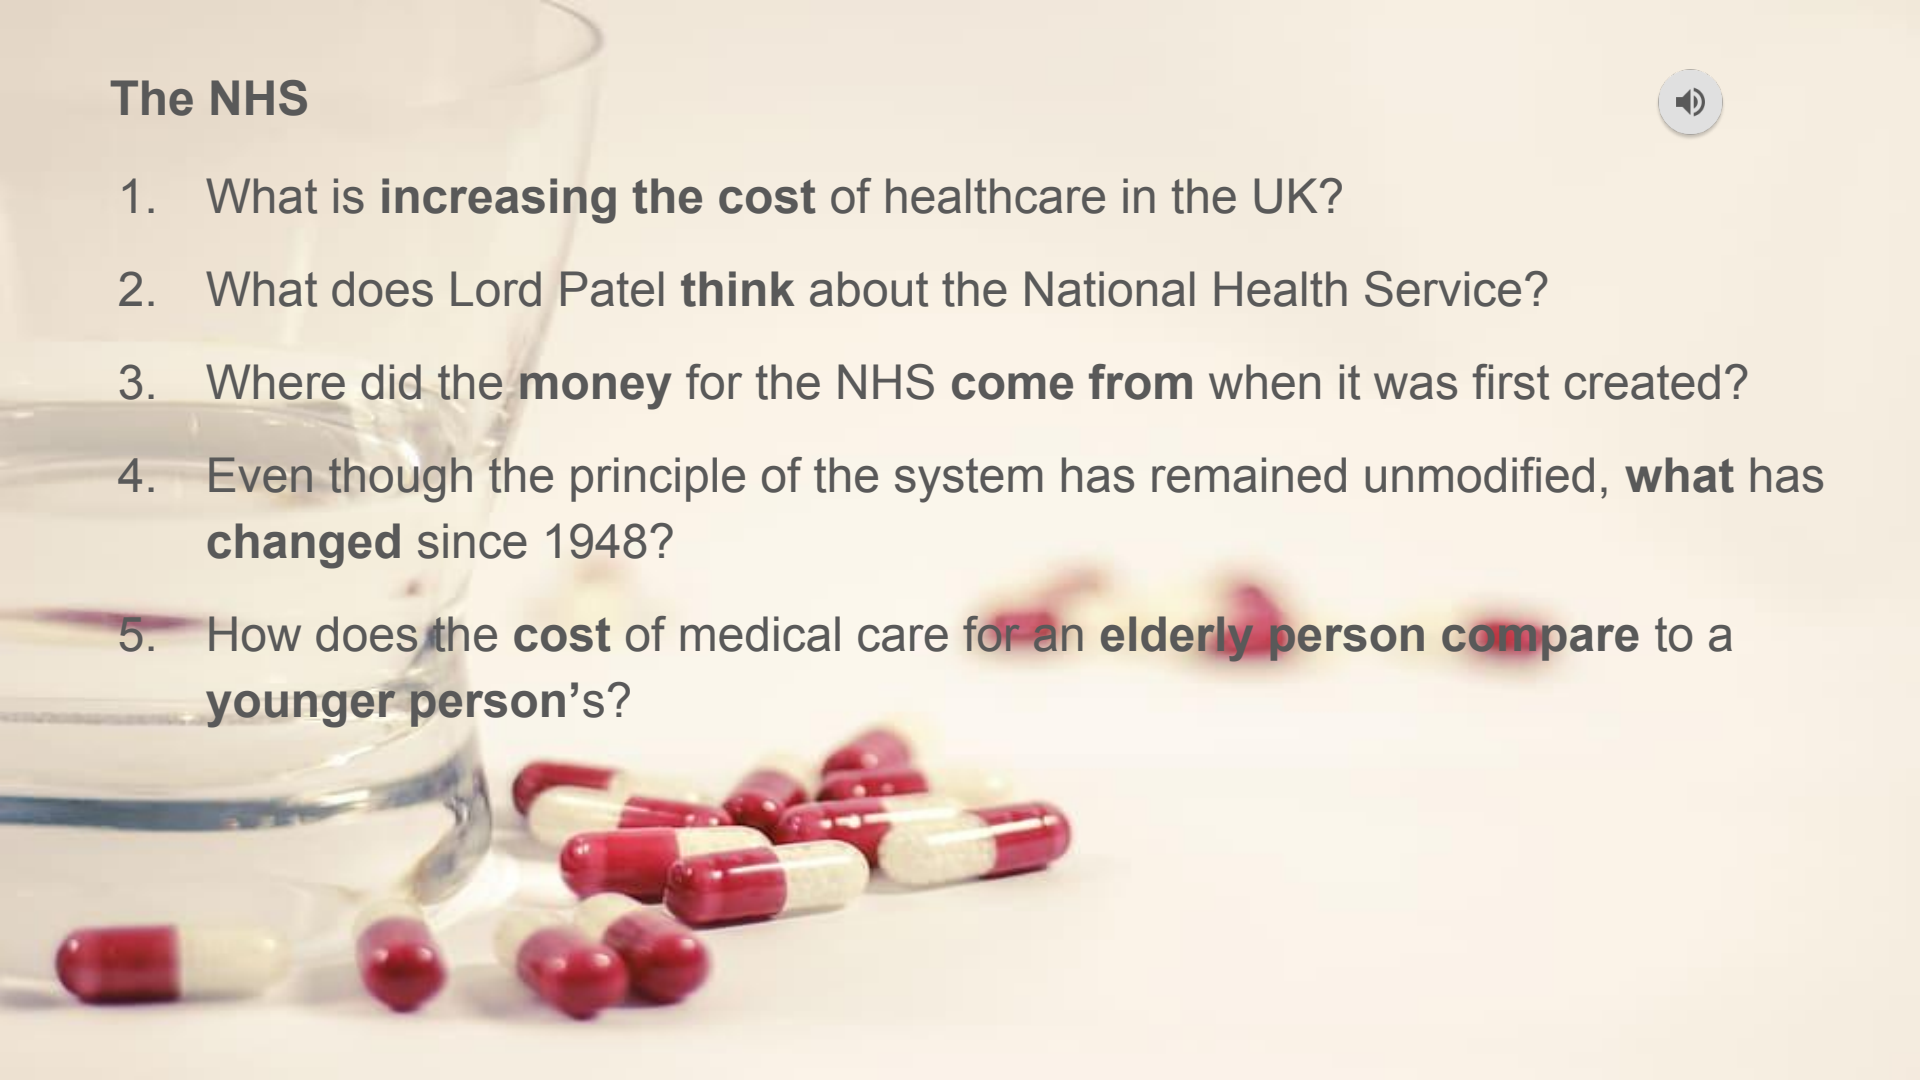

- What do you think of the public healthcare system in your country?
- What are its strengths and weaknesses?
- Have there been any improvements in recent years or has its quality worsened? Why do you think so?

# The NHS

1. What is **increasing the cost** of healthcare in the UK?
2. What does Lord Patel **think** about the National Health Service?
3. Where did the **money** for the NHS **come from** when it was first created?
4. Even though the principle of the system has remained unmodified, **what** has **changed** since 1948?
5. How does the **cost** of medical care for an **elderly person compare** to a **younger person's**?

# The NHS

1. What is **increasing the cost** of healthcare in the UK? AN AGEING POPULATION
2. What does Lord Patel **think** about the National Health Service? IT'S NOT SUSTAINABLE
3. Where did the **money** for the NHS **come from** when it was first created? TAXATION & DIRECT CONTRIBUTIONS
4. Even though the principle of the system has remained unmodified, **what** has **changed** since 1948? THE HEALTH NEEDS OF THE POPULATION / LIFE EXPECTANCY (HAS INCREASED) / POPULATION HAS GROWN ENORMOUSLY
5. How does the **cost** of medical care for an **elderly person compare** to a **younger person's**? IT COSTS 8 TIMES MORE
