

MODULE 1 – NATURE VS NURTURE

TASK: POST A DESCRIPTION OF YOURSELF

DESCRIPTION

You are going to submit an oral description of yourself (2-3minutes). You must include the following points:

- Give a detailed description of what you are like.
- Explain your stand in the *nature vs nurture* debate, providing relevant examples of yourself or people you know.
- Is there anything you would like to change about yourself, and why?

Don't say your birth order! Let your partners guess by posting a comment on your post. And, also, listen to your partners' descriptions, consider the information they provide and post a comment stating the birth order you think they are.

We will either validate or challenge the birth order theory together!

Remember to:

- Use a variety of vocabulary and structures to describe character.
- Useful expressions learnt in the module.

This task will be assessed by the teacher. You will receive specific feedback.
