

WRITTEN MEDIATION

Topic: Early Leavers

You are an advisor for the Ministry of Education and you have been commissioned to study the situation of young school leavers in Spain and how it compares to other European countries. You are handling the following data on the issue:

“Early school leaving, grade repetition and late school completion continue to be a challenge, increasing the cost of the education system and delaying young people’s entry into the labor market.”

from www.elpais.com, 22/09/2015, viewed 22/02/2021

You have been asked to write a memo for the Ministry of Education in which you describe the data above.

You must write about the following points:

- Present the situation of young school leavers in Spain.
- Highlight the most relevant information.

- Write between 80 and 100 words. You must write about both points.
