

## PICTURE 1 DESCRIPTION:

**The photo shows/ in the picture I can see** two teenagers in a forest. I think they are friends or classmates. They are **in the foreground** of the picture. It may be a summer day because they are both wearing shorts and t-shirts.

**In the background there are** some tall, thin trees and some bushes. **There isn't** anything else. **It looks like/It seems like** the boy and the girl are having fun, sitting happily on the ground/on the grass.

I think they are looking into/examining/investigating something or doing some kind of /a biology project; the girl is holding a magnifying glass in her hand and the boy is holding a notebook and taking notes.

I like the picture because it shows a relaxing moment in their life, the weather looks nice and I think they feel happy together.
