

A REVIEW: SHREK.

The film is called Shrek. It was released in 2001 and directed by Andrew Adamson and Vicky Jenson. It's an animated comedy, and the main characters are Shrek, Fiona and Donkey.

In the movie, the story takes place in a magical kingdom. The film was about an ogre who wanted to live alone, but he had to rescue Princess Fiona from a dragon.

I really liked the characters and the funny jokes. The music was great too.

I recommend Shrek to families and children because it was funny, creative and full of adventure.
