

Last week I (expect) an old friend
..... (I/invite/stay) with me in New York.
On Monday, he telephoned me from the airport to me that he
(arrive). I him that I (wait) him but my boss
..... (ask/I/finish) some reports so I was still at the office.
After (apologize) to him, I (suggest/take) a taxi. He asked
where (my flat) and I also (tell/he/open)
the door with the key (I/leave) under the door-mat.
Two hours later, my friend called me. He that he (listen) music
and he (already/eat) some cold chicken (he
find) in the fridge. However, he (not find) the key so he (climb) in
through the window near the apple tree. I was (-ed/-ing)! no apple
tree in front of my house but in front of my neighbour's!

Last week I **WAS EXPECTING** (expect) an old friend (**WHO**) I **HAD INVITED TO STAY** (I/invite/stay) with me in New York.

On Monday, he telephoned me from the airport to **TELL** me that he **HAD ARRIVED** (arrive). I **TOLD/SAID TO** him that I **WOULD WAIT/WAS GOING TO WAIT** (wait) **FOR** him but my boss **ASKED ME TO FINISH** (ask/I/finish) some reports so I was still at the office. After **APOLOGIZING** (apologize) to him, I **SUGGESTED HE SHOULD TAKE** (suggest/take) a taxi. He asked where **MY FLAT WAS** (my flat) and I also **TOLD HIM TO OPEN** (tell/he/open) the door with the key (**WHICH**) I **HAD LEFT** (I/leave) under the door-mat.

Two hours later, my friend called me. He **SAID** that he **WAS LISTENING** (listen) **TO** music and he **HAD ALREADY EATEN** (already/eat) some cold chicken (**WHICH**) **HE HAD FOUND** (he find) in the fridge. However, he **COULDN'T FIND** (not find) the key so he **HAD TO CLIMB/CLIMBED** (climb) in through the window near the apple tree. I was **ASTONISHED** (-ed/-ing)! **THERE WAS** no apple tree in front of my house but in front of my neighbour's!
