Job Ad Job Title: Licensed Electrician

Employer: AB Electrics

Job Description:

- Must be able to: upgrade and repair electrical systems; use electrical equipment; diagnose electrical faults; perform maintenance; correct problems; fabricate, measure and attach conduit; and keep records.
- Must know the electrical codes and take part in formal training sessions to learn AB Electrics' policies and procedures.
- The right candidate is reliable, hardworking, methodical, practical, and safety conscious.

This job is full-time. The hours are 9 a.m. to 6 p.m., five days per week, and every second weekend.

Education:

High school diploma, and certification as a licensed electrician. Applicants who have certification as a VDV installer technician, with specialization in voice, data, and video wiring, are preferred.

A. Vocabulary in Context. Match the word or phrase from the text with its meaning:

1. Diagnose
2. Methodical
3. Conduit
4. Safety conscious
5. Preferred

- a) Careful to avoid danger
- b) Organized and logical in approach
- c) Something that is wanted more than others
- d) To identify the cause of a problem
- e) A tube that protects electrical wires

2. True or False?

Read the job advertisement carefully. Then decide if each sentence is True (T) or False (F).

1. Part of the job is to diagnose and repair electrical faults.
 2. The company requires the electrician to take part in training sessions.
 3. The job is full-time during the week and part-time on the weekends.
 4. Applicants must have a high school diploma and be licensed electricians.
 5. A VDV installer technician certificate is required for all applicants.
 6. The working hours are from 9 a.m. to 6 p.m., five days per week.
 7. The company is looking for someone who is reliable and safety-conscious.
