

GUIÓN PARA DESARROLLAR LA PRESENTACIÓN DEL PROYECTO DEL PRIMER TRIMESTRE.

1.- Presentación.

2.- Introducción de los puntos que se van a desarrollar:

2.1.- Proyecto y sus objetivos/condicionantes.

2.2.- Obtención del diseño/bibliografía consultada.

2.3.- Desarrollo de la práctica, materiales, herramientas y producto final.

3.- Desarrollo de los puntos anteriores.

4.- Demostración de que el proyecto ha alcanzado el objetivo.

1.- Introduction.

I am and I'm going to tell you how I've made in the first -quarter practice.

Hello, my name is.....let me talk about of my marvellous first- quarter project.

Good morning, my name is and I'm going to show you the whole process I've followed to get my first-quarter project.

2.- Introduction of the points to be developed.

2.1.- Project and its objectives and conditions.

2.2.- Obtaining the design. Bibliography consulted.

2.3.- Development of practices, materials, tools and final product.

3.- Developing the points.

3.1.- Project and its objectives and conditions.

Describe the conditions: cubic pieces with grooves joined by a rubber to rotate in four directions.

3.2.- Obtaining the design. Bibliography consulted.

I've read a lot of information on The Internet:....

I've consulted books and other sources to obtain the best design.

3.3.- Development of practices, materials, tools and final product.

First I got the material, then I measure following the project, after measures I saw.....

4.- Demonstration that the project has achieved the objective of point one.

Finally, let me show you my

After all this task, here you are my.....
